Postgame Quotes

George Mason

Head Coach Jim Larranga

"We have four guys that can really shoot the three. You never know how you are going to come out and play but I was extremely pleased that they all came out very aggressive and looking to execute our offense, and sharing the ball. When you get shots in rhythm, you expect to make them and we got a bunch of those in the first half and scoring 45 points in the first half is an outstanding way to start in your first game of the season with such a young team."

"Honestly, Jai Lewis didn't play as well as he normally does. He's usually over a 60 percent shooter but we like that we ended up with five guys in double figures. We played all 11 guys that dressed and we feel good that Jai was able to get a lot of touches because when he touches the ball good things happen.

"We're pleased with the effort and intensity with which we played and we are just looking forward to moving onto the championship game of this region."

IPFW

Head Coach Doug Noll

"If you take those eight minutes out of the first half we played a decent basketball game for the first game of the year. I give George Mason a lot of credit. When the lights went out in the building I think we left the building too. It was a struggle for us because we let their pressure get to us. We made unforced errors and mistakes and took bad shots. We made some good adjustments at halftime based on their defensive pressure and up until the last four minutes we got to within 11 points. We just ran out of gas. I do not think we scored in the last four minutes."

"Quintin Butler played really well for us. We did not shoot the ball well and that stretch for eight minutes did us in and we are dinged up a little. Hopefully we can come out of this region with a split and we are a young basketball team and just need to bounce back Saturday.
